Sahar Huneidi-Palmer

help field for more than
twenty eight years;
**HELPING CLIENTS
EVOLVE TO A BETTER
UNDERSTANDING OF
THEMSELVES AND
THEIR LIVES;** and
becoming “skillful
creators” of the reality
they desire.

I believe that most of us, nowadays, feel that have an inexplicable void although our lives are “busy”, jam-packed with stuff to validate what we think is our identity.

I believe that the change within everyone, as they align with their lifepath, sends ripple effects to all those around them, because the self is the building block of the many.

If you are curious and ready to unbox your life, unbox the real you, and literally learn the process and the tools you need to arrive at your desired destination – Sahar has a gift for you: a complimentary 40 minute Discovery session.

Complete your online assessment form and get in touch to schedule an appointment.

"Sahar is extremely knowledgeable in teaching the connections between mind, body and spirit and has spent many years in these fields teaching and mentoring the fortunate recipients of her wisdom.

Thank you Sahar."
